TOWN WARRANT
THE TOWN OF HUDSON
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Hudson Memorial School Auditorium, in said Hudson, on Tuesday, March 7, 1972 next, to elect Town Officers for the ensuing year and to take sense of the qualified voters whether the amendments of the Constitution proposed by the 1971 session of the General Court shall be approved by ballot and vote, by ballot, on the following referendum questions:

- (a) To see if the Town will vote to combine the office of Town Clerk, and Tax Collector pursuant to New Hampshire Revised Statutes Annotated, Chapter 41:45-A. (By Petition)
- (b) To see if the Town will vote to approve of the Greyhound Racing Commission issuing a license for holding dog racing meets in the Town of Hudson, N.H. (By Petition)

For this purpose the polls will open at 7:00 A.M. and will close at 6:00 P.M.

The following articles of the Warrant to be taken up on March 10, 1972 at the Hudson Memorial School Auditorium in said Hudson at 7:00 P.M. in the evening.

1. To see if the Town will vote to appropriate and raise such sums of money as may be necessary to defray Town charges for the ensuing year. (By Selectmen)

2. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots. (By Selectmen)

3. To see if the Town will authorize the Selectmen to pledge the credit of the Town in anticipation of taxes, not to exceed the amount of the previous year's taxes, committed to the tax collector for collection. (By Selectmen)

4. To see if the Town will vote to authorize and empower the Selectmen to sell and convey any or all real estate acquired by the Town of Hudson for unpaid taxes. (By Selectmen)

5. To see if the Town will vote to accept the following sums of monies to be used only for the improvement of the Robinson Pond Recreation Area; \$1,000.00 from the Spaulding Potter Trust; \$296.53 from George Baker, Sr.; \$48.15 from the Hudson Memorial School Class of 1971. (By Selectmen) (Approved by majority of Budget Committee)

6. To see if the Town will vote to establish a conservation commission under the provisions of RSA 36A, and that the Selectmen shall appoint said commission, to consist of five members, within 60 days of the said Annual Meeting, and that said Selectmen shall also designate, for the purpose of calling the first commission meeting, a temporary chairman and raise and appropriate a sum of \$150.00 for dues to be paid to the New Hampshire Association of Conservation Commissions. (By Selectmen) (Approved by majority of Budget Committee)

7. To see if the Town will vote a mandatory retirement age of 65 for all hired personnel and appointed officials in the Town. (By Selectmen)

8. To see if the Town will vote to raise and appropriate a sum of \$5,000.00 for the purchase of 4 acres (more or less) of land from Rose Jette, of 117 Lowell Road, Hudson, said land to be used as a source of sand and fill for the use of the Town Highway Department; this land being a portion of 14 acres of land on Lowell Road, property Code No. 4313. The said land, after it has been fully excavated, shall be used by the Town for Recreation purposes, only, in memory of Edmond L. Jette. (By Selectmen) (Approved by majority of Budget Committee)

9. To see if the Town will vote to authorize the Selectmen to negotiate for the purchase of approximately 10 acres of land bordering Ottarnic Pond with a frontage of 431 feet on Ferry Street; 657 feet on Marshmallow Path; and 488 feet from Ferry

Street to Ottarnic Pond, presently owned by Community Finance of New Hampshire Inc. (Code 2636) and formerly known as Sunny Acres Trailer Park as recorded in the New Hampshire Registry of Deeds V. 2085, P. 463 at a cost not to exceed \$40,000.00, \$20,000.00 of which will be paid out of surplus funds July 1, 1972 and the remaining \$20,000.00 to be paid July 1, 1973 with no interest to be paid on any outstanding balances. (By Selectmen) (Approved by majority of Budget Committee)

10. To see if the Town will vote to authorize the Selectmen to transfer \$50,000.00 from the Surplus Account to pay off the final balance due on a note authorized by the Town resulting from a changeover to the July 1 fiscal year. (By Selectmen) (Approved by majority of Budget Committee)

11. To see if the Town will authorize the Selectmen to negotiate with the State of New Hampshire Public Works and Highways and the Water Supply and Pollution Control Commission for the installation of a section of the Hudson Sewer Interceptor, as engineered by Fenton G. Keyes Associates, that will be constructed under the replacement Taylor Falls Bridge approaches, for a sum not to exceed \$40,000.00 and also authorize the Selectmen to apply for, and accept, any or all Federal Aid, State Aid, or other aid available and further authorize the Selectmen to make any payments for this construction and engineering and any reimbursements to be returned to the general fund in compliance with the Municipal Finance Act, Chapter 33, of the New Hampshire Revised Statutes Annotated. (By Selectmen at recommendation of N.H. Public Works and Highways Department) (Approved by majority of Budget Committee)

12. To see if the Town will vote to authorize the Selectmen to purchase 43 tone actuated alert systems for the Fire Department personnel at a cost not to exceed \$6,500.00, and raise and appropriate monies for same. (By petition) (Approved by majority of Budget Committee)

13. To see if the Town will vote to raise and appropriate a sum of \$25,000.00 for the purpose of adding a one-story, two-bay, masonry addition to the present Fire Station Building (block and brick similar to the existing building) \$20,500.00 to be raised and appropriated in the 1972-73 budget and \$4,500.00 to be taken from the unexpended amount raised for a steel building in the 1971-72 budget. (By Petition) (Approved by majority of the Budget Committee)

14. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the purchase of a truck chassis for the Fire Department, including parts and equipment, so that an existing 2,000 gallon tank can be installed on said chassis. (by petition) (Disapproved by majority of Budget Committee)

15. To see if the Town will vote to grant a \$500.00 expense allowance to the Fire Chief to compensate him for the use of his car and attendance at various meetings in the course of his duties, and raise and appropriate monies for same. (By petition) (Disapproved by majority of Budget Committee)

16. To see if the Town will vote to authorize the Selectmen to hire five (5) additional volunteer firefighters for the Fire Department at a cost of \$300.00 per man, and raise and appropriate the sum of \$1,500.00 for same, effective July 1, 1972. (By petition) (Disapproved by majority of Budget Committee)

17. To see if the Town will vote to increase the weekly salary of the Police Department Crossing Guards from \$25.00 per week to \$30.00 per week, said sum to be paid at the rate of \$6.00 per working day, starting September, 1972, and raise and appropriate a sum of \$1,080.00 for same. (By petition) (\$27.50 per week (\$5.50 per working day), a total of \$540.00, approved by majority of Budget Committee)

18. To see if the Town will vote to increase the yearly uniform allowance for police officers from \$150.00 per year to \$200.00 per year, effective July 1, 1972, said uniform allowance to apply to full time police officers, and raise and appropriate a sum of \$500.00 for same. (By petition) (Approved by majority of Budget Committee)

19. To see if the Town will vote to establish the following maximum pay schedule for the Police Department, effective July 1, 1972, and raise and appropriate a sum of \$3,276.00 for same:

Captain	\$167.00 per week
Lieutenant	\$162.00 per week
Sergeant	\$155.00 per week
Patrolman	\$145.00 per week

(By petition) (Approved by majority of Budget Committee)

20. To see if the Town will vote to increase the salary of the Chief of Police from \$210.00 per week to \$220.00 per week, effective July 1, 1972 and raise and appropriate a sum of \$520.00 for that purpose. (By petition) (Approved by majority of Budget Committee)

21. To see if the Town will vote to authorize the Selectmen to hire a Police Inspector for the Police Department at a salary not to exceed \$175.00 per week, effective July 1, 1972, and raise and appropriate a sum of \$9,100.00 for same. (By petition) (Submitted without recommendation by the Budget Committee)

22. To see if the Town will vote to authorize the Selectmen to hire a dispatcher for the Police Department during the hours of 4:00 P.M. and 12:00 A.M. daily at a rate not to exceed \$2.75 per hour, and raise and appropriate the sum of \$8,000.00 for same. (By petition) (\$7,300.00 approved by majority of Budget Committee; not to exceed \$2.50 per hour)

23. To see if the Town will vote to increase the annual cost of telephone answering service for the Police Department from \$1,000.00 per year to \$1,500.00 per year, effective July 1, 1972, and raise and appropriate a sum of \$500.00 for same. (By petition) (Submitted without recommendation by the Budget Committee)

24. To see if the Town will vote to authorize the Selectmen to purchase an alcohol breath analyzer at a cost not to exceed \$850.00, 50% of which will be reimbursed by the Highway Safety Agency, and raise and appropriate a sum of \$425.00 for same. (By petition) (Disapproved by majority of Budget Committee)

25. To see if the Town will vote to authorize the Selectmen to establish and maintain a contingency fund, not to exceed \$1,000.00, said sum to be used for the Police Department whenever it is necessary to take advantage of Federally funded programs, and raise and appropriate a sum of \$1,000.00 for same, (By petition) (Disapproved by majority of Budget Committee)

26. To see if the Town will vote to authorize the Selectmen to continue the services of a Town Engineer hired under the Federal Employment Act, said engineer to be registered with the State of New Hampshire and act in the dual capacity of Town Engineer and Road Agent, effective January 1, 1973, and authorize the Selectmen to accept any or all Federal Grants available for reimbursement of monies paid to such Town Engineer in accordance with the Emergency Federal Employment Act, and further that a sum of \$12,000.00 be raised and appropriated for this purpose. (By Selectmen) (Approved by majority of Budget Committee)

27. To see if the Town will vote to authorize the Selectmen to increase the merit maximum wages to be paid to Highway Department Employees, in accordance with the following schedule:

	Merit Maximum
Master Mechanic	\$3.75 per hour
Mechanic	\$3.40 per hour
Grader Operator	\$3.75 per hour
Loader Operator	\$3.50 per hour
Truck Driver (5 ton or over)	\$3.15 per hour
Truck Driver (under 5 ton)	\$3.00 per hour
Laborer	\$3.00 per hour
Foreman (Working)	\$185.00 per week

and raise and appropriate the sum of \$6,300.00 for same, effective July 1, 1972. (By Selectmen) (Approved by majority of Budget Committee)

28. To see if the Town will vote to increase the salary of the Road Agent from \$200.00 per week to a merit maximum of \$210.00 per week, and raise and appropriate monies for same, effective July 1, 1972. (By majority of Selectmen) (Approved by majority of Budget Committee)

29. To see if the Town will vote to authorize the Selectmen to purchase a one-half ton pickup truck for the Highway Department at a cost not to exceed \$2,300.00 and raise and appropriate monies for same. (By Selectmen) (Approved by majority of Budget Committee)

30. To see if the Town will vote to authorize the Selectmen to purchase a double column, electric powered, lift for the Highway Department garage at a cost not to exceed \$3,500.00, and raise and appropriate monies for same. (By Selectmen) (Approved by majority of Budget Committee)

31. To see if the Town will vote to authorize the Selectmen to purchase a bulldozer shovel for use at the Town Dump and raise and appropriate a sum of \$10,000.00 for same. (By Selectmen) (Approved by majority of Budget Committee)

32. To see if the Town will vote to authorize the Selectmen to purchase a powered Snow Blower to be used with the front end loader at a cost not to exceed \$8,800.00, and raise and appropriate monies for same. (By Selectmen) (Disapproved by majority of Budget Committee)

33. To see if the Town will vote to raise and appropriate the sum of \$9,000.00 for the salary of the Tax Collector, in lieu of the present salary of \$5,000.00 per year, with all monies received by the tax collector, in statutory fees, reverting to the town general fund. (By majority of the Board of Selectmen) (Approved by majority of Budget Committee)

34. To see if the Town will vote to raise and appropriate the sum of \$9,000.00 for the salary of the Town Clerk, in lieu of the present salary of \$100.00 per year plus statutory fees, with all monies received by the Town Clerk, in statutory fees, reverting to the town general fund. (By majority of the Board of Selectmen) (Approved by majority of Budget Committee)

35. To see if the Town will vote to establish the following salary schedule for specified Town Officials, and vote to raise and appropriate the sum of \$4,350.00 per year for same:

Selectman, Chairman	\$3,000.00 per year
Selectman, Clerk	\$2,700.00 per year
Selectman, Member	\$2,500.00 per year
Treasurer	\$1,200.00 per year
Health Officer	\$ 500.00 per year

(By Petition) (\$2,500 approved by majority of Budget Committee with the following salary recommendations: Selectman, Chairman \$2,300.00; Selectman, Clerk \$2,300.00; Selectman, Member \$2,000.00; Treasurer \$1,200.00; Health Officer \$400.00)

36. To see if the Town will vote to increase the salaries of the Selectmen's secretary approximately 15 cents per hour making the 40-hour Secretary salary \$106.00 per week; the 32-hour Secretary \$85.00 per week; the 20-hour Secretary \$50.00 per week and raise and appropriate the sum of \$625.00, effective July 1, 1972. (By majority of the Board of Selectmen) (Disapproved by majority of Budget Committee)

37. To see if the Town will vote to authorize the Selectmen to hire a Life Guard for the Robinson Pond Recreation area from June 1, 1972 through September 4, 1972 for 8 hours per day and raise and appropriate a sum of \$900.00 for same. (By Recreation Commission) (\$1,500.00 approved by majority of Budget Committee)

38. To see if the Town will vote to continue the use of the Lions Club Swimming Pool for the children of Hudson and raise and appropriate monies to equip the pool so that it may be maintained in accordance with State Health Department regulations. (By Recreation Commission)

39. To see if the Town will vote to authorize the Selectmen to purchase an automatic filtering system for the Lion's Club Swimming Pool and raise and appropriate a sum not to exceed the sum of \$3,170.00 for same. (By Recreation Commission) (Submitted without recommendation by the Budget Committee)

40. To see if the Town will vote to change the post of Female Assistant

Director to Assistant Director to the Recreation Director who will be responsible for female recreation activities and all summer activities and change the salary of \$800.00 per year to \$1.90 per hour, not to exceed \$1,311.00 per year, and eliminate the post of Assistant Director at a savings of \$600.00 per year, and raise and appropriate monies for same. (By Recreation Commission) (Approved by majority of Budget Committee)

41. To see if the Town will vote to change the Recreation Director's Salary from \$2,000.00 a year to \$2.00 per hour, not to exceed the sum of \$2,400.00 per year and raise and appropriate monies for same. (By Recreation Commission) (Approved by majority of Budget Committee)

42. To see if the Town will vote for additional librarian services for four additional hours per week (7 to 9 P.M. Tuesdays and Thursdays) for a 50 week period at \$2.50 per hour and raise and appropriate the sum of \$526.00 for same. (By majority of Selectmen for the Library Trustees) (Approved by majority of Budget Committee)

43. To see if the Town will vote to add an adult librarian for six additional hours per week (5 to 7 P.M. Mondays, Wednesdays, and Fridays) for a 50 week period at \$2.50 per hour and raise and appropriate the sum of \$879.00 for same. (By majority of Selectmen for the Library Trustees) (Disapproved by majority of Budget Committee.)

44. To see if the Town will vote to construct a parking lot between the Hills Memorial Library and the Kimball Webster School to accommodate at least 25 cars, subject to the approval of the Hudson School Board, and raise and appropriate the sum of..... for same. Said location will serve a dual purpose of (1) providing safe parking for library patrons and (2) providing for convenient parking for Webster School teachers. (By petition) (Disapproved by majority of Budget Committee)

45. To see if the Town will vote to authorize the Selectmen to beautify the Town Park located at the corner of Derry Street and Ferry Street and raise and appropriate the sum of \$1,000.00 for same. (By Selectmen) (Approved by majority of Budget Committee)

46. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to improve the roads and parking area facilities at the Robinson Pond Recreation area. (By Selectmen) (Disapproved by majority of Budget Committee)

47. To see if the Town will vote to accept the following schedule of permit fees for alterations, renovations, or construction of all commercial buildings, and industrial buildings:

Alterations under \$10,000.00 value - minimum fee \$15.00

All new construction \$10,000.00 - \$50,000.00 value - \$35.00

All new construction over \$50,000.00 - an additional \$.50 per thousand dollar of value.

(By Selectmen)

48. To see if the Town will vote to authorize the Selectmen to increase the salary of the Building Inspector from \$1,000.00 per year to a sum not to exceed \$4,000.00 to be set as a merit maximum by the Board of Selectmen and appropriate the sum of \$3,000.00 for same (By Selectmen) (Approved by majority of Budget Committee)

49. To see if the Town will vote to set the salary of the Building Inspector at 75% of the total fees collected for building permits, said sum to be considered as compensation for services rendered and travelling expenses incurred in the course of duty, and raise and appropriate monies therefore, in an approximate amount of \$2,700.00 and, further, that the present salary of \$1,000.00 per year be eliminated from the Town Officers' Account. (By petition) (Disapproved by majority of Budget Committee).

Given unto our hands and seal this 19th day of February in the year of our Lord nineteen hundred and seventy-two.

SELECTMEN'S REPORT

The Town of Hudson went through some extensive fiscal changes during the eighteen month period from January 1, 1970 through June 30, 1971.

One of the major changes occurred in the adoption of the fiscal year (July 1 to June 30) unanimously by the Town Budget Committee and the Board of Selectmen. As matters stand now, both the Town Budget Committee and the Board of Selectmen. As matters stand now, both the Town and School District are on the same accounting period, July 1 to June 30, each year.

The second major change occurred in the adoption of payment of taxes twice a year by the voters of the Town. There has been wide acceptance of this procedure by the taxpayers of the Town.

Both the fiscal year change and payment of taxes twice a year, saved the taxpayers about \$55,000.00 per year as there was no need to borrow money in anticipation of taxes at an interest cost of approximately \$25,000.00 per year. Instead, the Town had an interest income of about \$22,000.00 during the last 18 months.

The Town of Hudson was the first Town to adopt the fiscal year change and twice a year property tax payments, and the taxpayers reaped the financial benefits from these changes.

The past 18 months witnessed expansion of some industries and addition of some industries to the Town tax rolls. We welcome the expansion of Centronics Corp. and the new industries; namely, Colonial Lighting, Fashion Neckwear, Scottie Shoe, Bank of New Hampshire, Citgo Service Station, Rental Store, Mr. Carpet, etc.

The New England Power Exchange Service, the Nepex line, resulted in an increase in the Town's valuation of approximately \$850,000.00.

The Veteran's Memorial Bridge became a reality and plans were formulated and construction started on the southerly belt line bridge by the New Hampshire Highway Department in 1971 at no further cost to the Town.

Through the efforts of Congressman James Cleveland, the Taylor Falls Bridge is expected to be replaced at no cost to either Hudson or Nashua. Plans for this replacement bridge have already been let out by the New Hampshire Highway Department.

Another significant event occurred in late 1971 when the tax rate dropped \$3.00 per thousand dollars of valuation with no change in the valuation base. The voters of Hudson are being forewarned to examine Town and School District Budgets carefully at the forthcoming meetings for it is the voters of the Town and School District that set the tax rate and not the Selectmen of the Town. Excessive spending can lead to high taxes.

The Selectmen are in agreement on the purchase of approximately 4 acres of land, more or less from Rose Jette, Lowell Road, said land to be used as a source of fill for the dump and later converted to a Recreation area.

The Selectmen are in further agreement on the purchase of 10 acres of land bordering Ottarnic Pond, formerly known as the Sunny Acres Trailer Park, all of which will be used for Recreation purposes to the benefit of the townspeople.

The Selectmen are divided on the need for a Police Inspector and dispatcher for the Police Department in the currently proposed 1972-73 Town Budget.

The Selectmen are in agreement on the adoption of a mandatory retirement age of 65 for all employees, appointed and hired, except elected officials.

The Selectmen are issuing a word of caution on the proposals contained in the 1972-73 School District Budget chief among them being a \$75,000.00 expenditure for a year around school at Alvirne with additions to the curriculum and another \$75,000.00 expenditure for an air conditioning system at Alvirne High School in the event the year around school is adopted by the voters of the School District who are also voters, but not necessarily property taxpayers in the Town.

The Selectmen are unable to formulate an opinion as to the amount of new construction which will be added to the 1972 valuations when the 1972 tax rate is

formulated. Consequently, the 1972-73 expenditures for the Town and School District will have a direct bearing on the 1972 tax rate and years thereafter.

Another change that has occurred in Town is the separation of the office of Town Clerk and Tax Collector. Usually the person who ran for the office of Town Clerk also ran for the office of Tax Collector. Due to the resignation of the person holding both offices, the Selectmen were required to appoint an interim tax collector until the March election.

Another ballot question will be on the subject of Greyhound racing, that is, whether the voters want to have a license issued to persons interested in operating a greyhound racing track in Hudson. A special Town meeting produced a favorable vote; this ballot question should decide the question once and for all.

BOARD OF SELECTMEN
Town of Hudson

POLICE REPORT FOR 18 MONTHS ENDED JUNE 30, 1971

The past 18 months have been really busy months. Crime is increasing at a rapid pace. We are in need of additional men to keep up with the growth of the town. Our population is approximately twelve thousand as of this date. We have seven officers on our staff. We have two sergeants, one Lieutenant and four regular men. One of our sergeants is presently on leave from active duty due to a serious illness. We all hope that he will be back with us soon. We need three men very badly right now to keep up with the work load. These three would assist in our patrols; also an inspector is badly needed to investigate the ever increasing number of complaints due to bad checks, burglaries, larcenies and serious accidents.

The drug problem is a very serious one. We have made a number of arrests and have given assistance to other departments which has resulted in raids and a number of arrests. It is very difficult to apprehend "pushers" as the "users" will not divulge the names of the suppliers. If they do, their supply will be cut off and they will have to get other sources of supply.

A number of breaks, cleaned up which resulted in the recovery of thousands of dollars in goods and cash monies, have been committed by users of narcotics. Many more breaks and larcenies are due to these addicts. They need money to keep up the habit. The age of users of narcotics which we have apprehended has been as low as 12 years. It is difficult to believe that a youngster, 12 years of age, has knowledge about narcotics. A certain child saw her father take these pills and she decided to try one and, after she was taken very sick and almost died from the effects, she told the doctor what she had taken, and she had been taking them for about six months.

We are trying to educate our youngsters what narcotics will do to them and their health. We have shown films at the schools and have passed out material to the schools on all of the dangerous drugs and pills. The parents have been invited to see us and ask for our help whenever they have any problems with their children.

We have three cruisers in the department. One is used as a spare whenever we have a breakdown or when some one is taken to the State Hospital, Industrial School or the County Jail. I use my car in all of the investigations that I work on.

At present we have four officers attending school on certain nights.

We have had officers attend sessions in different towns on police work.

We also have sessions here in town at the range and sessions on laws and all phases of police work. Taken up at these sessions is photography, fingerprinting, accident investigations, investigating burglaries and anything pertaining to police work so that the men can be equipped to do a better job.

Four of our officers belong to the Criminal Investigation Bureau that was formed a number of years ago by our law enforcement personnel in New Hampshire so that we could get together and assist each other in comparing notes and cases that are being worked on.

At these sessions different laws are discussed and how they can be enforced and what other laws are needed to protect our citizens. We also discuss the decisions that are being handed down by the courts and some of these decisions are very, very disheartening to the law enforcement groups. It seems as if the criminal has all of the rights and the public has none. This must makes our job so much more difficult.

The following arrests were prosecuted in our District Court:

Speeding	919
Center Line Violation	37
Operating without license	17
Operating after Revocation	12
Operating Under the Influence	25
Stop Sign	38
Failure to Yield	14
Red Light	15
Defective Equipment	27
Failure to Keep to Right	4

Uninspected Vehicle	33
Reckless Operation	3
No License on Person	11
No Registration on Person	30
One Way Street	27
Passing on Right	2
Height Violation	1
Illegal Parking	1
Altering License	1
Obstructed Windshield	2
Trespassing	2
Failure to Restrain Dog	1
Possession of Drugs	3
Unregistered Vehicle	13
Possession of Liquor by Minor	9
Disorderly Conduct with Motor Vehicle	14
Rape	1
Contributing to Minor	4
False Report of Crime	1
Drunk	13
Larceny by Check	1
Soliciting without Permit	1
Derisive Words	1
Hit & Run	12
Burning without Permit	2
Petty Larceny	9
Misuse of Plates	11
Transportation of Beverage by a Minor	1
Soliciting a Ride	1
Operating Motor Cycle without a Helmet	2

ACCIDENTS INVESTIGATED:

Two Cars property damage over \$100 or personal injury	212
One Car	15
Three Car	7
Persons Injured in one car accidents	6
Persons Injured in two car accidents	33
Person Injured in three car accidents	1
Accident with parked car	1
Accidents with two parked cars	17
Persons killed	2
Accidents with Utility Poles	25
Accidents with fence	5
Accidents with stone walls	2
Accidents with Pedestrians	9
Accidents with trees	10
Hit & Run accidents	11
Accidents with Cars Ramming into homes	3
Accidents Vehicles with bicycles	4
Accident vehicles with ski-doo	1

We have received over 20,000 complaints in the past 18 months. This does not include the calls that people make asking for information and advice. There are times when we have a number of calls ahead of the cruisers. This occurs especially when we have a bad accident when both cars are tied up for a period of time in handling the traffic and working on the investigation. With the undermanned department that we have, and the job we are trying to do, it is very difficult to please everyone. At times some persons who call in with a complaint, have to wait due to the shortage of help.

They become upset because the cruiser does not arrive in a minute or so. Believe me, the officer gets there as soon as he is free from whatever complaints he has investigated.

Due to the new homes and factories being built, our work load is on the increase. More and more homes are checked during the summer months due to the people going on vacations.

Investigations take up a very large amount of time.

We work with other departments and they work with us and in this manner we assist each other.

We have been very successful in cleaning up a number of breaks and in the recovery of thousands of dollars of guns, radios, Hi-Fi's, cash, cigarettes, furniture and numerous other goods.

There was one investigation where a person died, and at first, it looked like a homicide. A two-week investigation proved, without a doubt, that it was a suicide and the man held for murder, was released. At first the medical examiner and the Asst. General and myself believed it was a murder as no weapon was found at the scene and no empty cartridge was located. The entrance of the bullet looked as if it entered the back of the person that was dead. After a very thorough two week investigation, the gun was located and the empty shell and the autopsy showed that the bullet entered the chest of the victim.

We are in the process of receiving from the Federal Government a grant for a new cruiser and a man for Highway Safety. This will be a helpful addition to the department and will assist in covering accidents on our highways and streets.

As I have listed the number of complaints that we have received over the past year and one half, it must be realized that we need a full time dispatcher in the station. All of the other surrounding towns have a woman sending out the calls to their cruisers and we do not have anyone to handle these calls when I am at home.

I wish to thank everyone that we were able to do the job that is assigned to us. It is not an easy one and is getting more difficult by the day.

Respectfully Submitted,
ANDREW J. POLAK, Chief
Hudson Police Department

FIRE DEPARTMENT REPORT
January 1, 1970 thru June 30, 1971

During the past eighteen months, the largest number of fires were brush and grass fires. Most of these were caused by careless disposal of cigarettes and children playing with matches. This is nothing more than thoughtlessness and very well could be eliminated with a little effort on the part of the public. The building fires also have been from similar causes, although some them have been arson and we are working hard to solve these cases.

During Fire Prevention Week in 1970 all schools in Hudson were shown a film on fire disaster and given brief talks on fire prevention and safety to prevent the loss of life. Each year there are an average of 12,000 lives lost and better than two billion dollars worth of property destroyed by the fire in the United States. During the year of 1970 there were 70 lives lost in New Hampshire. Most of these were lost in dwellings where the fires where caused by careless smoking and careless use of matches. Such tragedies are unnecessary. They can be eliminated by the practice of fire prevention principles by the public, so let's all try to prevent such careless fires! I urge all citizens of Hudson to cooperate and would to thank you all for past and future assistance and consideration.

Respectfully submitted
OSCAR P. CAMPBELL, Chief
Hudson Fire Department

Alfred L. Noel
Building Inspector

The past eighteen month's Building Permits have steadied down to a level slightly lower than for 1969. Commercial building increased, while residential decreased slightly. Only one multi-apartment unit was constructed.

The outlook for the next fiscal year looks as if there would be an increase in all types of building except multi-apartments. We look for a substantial increase in both Industrial building construction both new and additions.

This year, please pick up your applications at Selectmen's Office and fill it out. Then leave it for review with your phone number. The application will be checked and you will be notified when permit is approved. Permits will not normally be available for at least 48 hours to allow time for checking possible zoning, subdivision or building code violation.

Your cooperation will be appreciated.

Respectfully submitted,
Frank A. Nutting, Jr.
Building Inspector

RECREATION COMMISSION REPORT

January 1, 1970 - June 30, 1971

This past eighteen months the recreation program was very successful with many participants in the varied activities. There were twelve boys basketball teams in the league, two Babe Ruth teams, two girls softball teams, the Hudson swimming pool, tennis court activities, the basketball court on School Street, as well as the playground activities which included arts and crafts, skating and hockey.

For the second consecutive year, the Hudson Mini-Olympics were staged, and just as in 1970, approximately 130 boys and girls participated in the competition. Relay races, dashes, high-jumping, broad-jumping and many other events for children from the age group of 6 - 14 years competed under 16 national banners. A highlight of the 1971 Mini-Olympics was an opening night event when several hundred people watched a Parade of Nations and an exhibition by the Suburbanettes Drum and Bugle Corps. Other events at the playground were a fun house with over 100 children participating and a carnival for the benefit of Muscular Dystrophy at which nearly \$240.00 was raised.

Lessons were given at the swimming pool. Movies and games, such as horseshoes, caroms and golf were played at the playground.

Another innovation was the Hudson Invitational Tournament for Junior High boys in basketball which may become an annual affair.

The Recreation Program is under the direction of Dalton Blodgett and his assistant David McNeil. All recreational programs have increased along with the growth of the town and within the limits of our budget.

The Youth Center is used about every afternoon through the week and at least one group meets there each evening.

Respectfully submitted
FREDERICK H. HEBERT
Chairman

ROBINSON POND RECREATION AREA COMMITTEE REPORT

The most visible improvement at the Robinson Pond Recreation Site in the past year (1971) was in the vicinity of the beach and swimming areas. Due largely to the efforts of the Hudson Junior Women's Club, the swimming area was dredged clean and sand distributed over last winter's ice to provide an even sand bottom in the water. Additional sand was also spread in the beach portion to enlarge it and provide a greater depth for added comfort.

The Hudson Junior Women's Club was also instrumental in obtaining a grant from the Spaulding Potter Trust fund in the amount of \$1,000.00 to be used in the improvement of this Recreation Area. Additional monetary donations were also received from the Hudson Fortnightly Club (\$50.00) and Mr. George Baker (\$230.00).

Last year (1971) also saw the institution of the new sticker system. This sticker serves a two-fold purpose in identifying Hudson residents for use at the Town dump.

An additional area of approximately two acres was cleared of brush last year and with a little more effort should be available for picnic sites by this coming summer of 1972. Due to limited funds, present plans call for adding only about ten more picnic tables in the area. In 1972 a fall dance is in the planning stage to provide funds for additional picnic tables and grilles for 1973.

Currently the greatest need at the Pond is for an improved parking facility and access roads. Hopefully this can be commenced early this year, if funds become available.

Again this past year toilet facilities were available. These were the rental, chemical type approved for use near water to eliminate the danger of pollution to the water. Work on a permanent bathhouse to replace these rental units is planned to begin in the spring of 1972 and will proceed as rapidly as possible in an effort to have them available by early summer of 1972.

As you all know, our progress in this endeavor depends mostly on volunteer help. Work days at the Pond will be announced in the paper and we can use the help of anyone, regardless of age. Come out and join the work crews and then enjoy the fruits of your labors on the weekends with your families at the Pond.

The Committee wishes to take this opportunity to thank the many individuals who have helped to make this year's efforts so successful. Special thanks to that group of young men, the "Mod Squad", who gave up their Thursday evenings to clear brush in the most thickly grown section of woods for the new picnic sites. We also wish to extend an invitation to all Hudson residents to come out and enjoy the results of these labors at the Robinson Pond Recreation Area.

Respectfully submitted,
Robert Beyer, Chairman

HEALTH DEPARTMENT REPORT

January 1, 1970 - June 30, 1971

The Health Department has made the usual inspections of restaurants, boarding homes, stores and barber shops. We have sent one mouse, a rat and a chipmunk to Concord for rabies tests which proved to be negative.

The new owner of one of the trailer courts in Town has improved the sewer system, lowered the water table and improved the water supply within the park. A water supply problem in one of the apartment complexes was rectified by the owner and the owners of properties where there were complaints of leach bed problems corrected these also.

The Lions Club swimming pool and the Robinson Pond swimming area waters were tested twice and pronounced suitable for swimming.

Respectfully submitted,
LESTER E. GOVE
Health Officer

HILLS MEMORIAL LIBRARY
Annual Report
(Year ending December 31, 1971)

Main Library

Number of books on shelves January 1, 1971	6,676
Number of books added by purchase	600

Total number of books circulated	15,312
Number of new borrowers	343
Total number of borrowers (card holders)	1,608

Submitted February 1, 1972
Alice Jones, Librarian

REPORT OF HILLS MEMORIAL LIBRARY TRUSTEES

During 1971, the Library continued to expand its service to the Town with more people borrowing and enjoying more books than ever before. The hours were increased by opening the Adult Library on Saturday mornings.

The children's special classes from grades 1, 2, and 3 continue to visit and borrow books regularly through the cooperation of the H. O. Smith and Webster schools. Older children and adults find the Library useful for study and school project research.

During 1971, the Library launched a special project aimed at upgrading the non-fiction resources in the Adult Library. To this end, almost 200 books were ordered and received. Similarly, the special project for the Children's Library was directed at the second and third grade level book quantities. Approximately 300 books have been ordered and 200 received for this special project. It was felt that these two areas of the Library need special attention if the Library is to encourage the starting readers and provide the material desired for research for adults. The Library had a successful Children's Summer Book Club.

A cooperative program with the Librarian at Hudson Memorial School providing books needed for special school projects was initiated. The books required for the Alvirne Directed Reading List were made available to students.

A new card file was purchased and placed in operation in the Children's Room. A new book drop was purchased that will prevent damage to returned books. A new light was installed in front of the building to better illuminate the walk steps, and general area in front of the building.

We wish to thank Cliff Rowell for his generous installation of Christmas lights that added greatly to the appearance of the Library over the Holiday season. Many thanks to all those that contributed to the handcrafts exhibit.

We wish to thank Mrs. Alice Jones for her fine work as Head Librarian. Mrs. Jones replaced Mrs. Mary Ketcham, whose resignation was accepted with regret in June. Thanks also to Mrs. Lorraine Battey for a fine job as Children's Librarian. Special thanks go to the Pages, Susan Jones, Nancy Whitaker, Mildred Hankins, and Denise Hebert, and Custodian, Mr. Lewis Marshall, for their fine work.

Our thanks also to the many friends of the Library whose interest and cooperation makes possible the growth and progress of our Library.

Appreciation is given to the generous donation of books by the Junior Women's Club and the American Legion.

DR. JOHN QUIGLEY
MRS. BARBARA ABBOTT
MR. NORMAN WHITAKER

of the
TOWN of HUDSON
1971

An Ordinance Relating to Regulations at Robinson Pond Recreation Area:

BE IT ORDAINED by the Selectmen of the Town of Hudson that:

1. The Robinson Pond Recreation Area will be open to residents of Hudson for day use only (Gates will be opened at 8 a.m. and closed 30 minutes after sunset.)

2. Removal of, or damage to, any structure, plant, or natural feature within this area is strictly prohibited.

3. All motor vehicles shall use park roads and parking areas; and no speed shall exceed 6 miles per hour.

4. Acts endangering others, disorderly conduct, intoxication, and obscene or indecent acts are strictly prohibited.

5. Soliciting will not be permitted within the park.

6. Firearms shall not be used or displayed within the park.

7. Exceptions to this Ordinance must be validated, in writing, by the majority of the Board of Selectmen.

8. Any person violating any part of this ordinance shall be subject to a fine of \$25.00 for the first offense in the District court, and fined at the discretion of the court for subsequent offenses.

This Ordinance shall take effect upon its passage. Given unto our hands this 6th day of July, 1971.

STANLEY ALUKONIS
JAMES W. HETZER
JOHN BEDNER
Board of Selectmen
Hudson, New Hampshire

Frances S. Baker, Town Clerk
July 7, 1971

No. 62

ORDINANCE
of the
TOWN OF HUDSON
1971

An Ordinance Relating to Regulations at the State Boat Landing at Robinson Pond:

BE IT ORDAINTED by the Board of Selectmen for the Town of Hudson, New Hampshire that:

1. No motor vehicles, or trailers, shall be allowed to park within the boat landing site which is to be utilized only for loading and unloading boats.

2. It shall be unlawful for any person to park, swim, picnic, or obstruct in any manner the boat landing corridor except while loading or unloading boats.

3. Any person violating any part of the Ordinance shall be subject to a fine of \$25.00 for the first offense in the District court and fined at the discretion of the court for subsequent offenses.

This Ordinance shall take effect upon its passage. Given unto our hands this 6th day of July, 1971.

STANLEY ALUKONIS
JAMES W. HETZER
JOHN BEDNAR
Board of Selectmen
Hudson, New Hampshire

No. 63

ORDINANCE
1971

An Ordinance Relating to Traffic Control:

BE IT ORDAINED by the Board of Selectmen for the Town of Hudson, New Hampshire:

1. It shall be unlawful for any person operating a motor vehicle or other vehicle on Lions Avenue to enter Hurley Street without first coming to a complete stop.

2. Any person violating any provisions of this Ordinance shall be punishable by a fine of \$5.00.

This ordinance shall take effect upon its adoption.

Given unto our hands and seal this 27th day of October in the year of our lord nineteen hundred and seventy-one.

STANLEY ALUKONIS
JAMES W. HETZER
JOHN M. BEDNAR
Selectmen of Hudson

Frances S. Baker, Town Clerk
November 2, 1971

No. 64

ORDINANCE
1971

An Ordinance Relating to Parking on Portions of Ferry Street:

BE IT ORDAINED by the Board of Selectmen for the Town of Hudson, New Hampshire:

1. There shall be no parking at any time on the southerly side of Ferry Street from the Veteran Memorial Bridge to Chase Street.

2. Any person violating this ordinance shall be subject to a parking violation fine at the Police Station of \$1.00 for the first offense, \$2.00 for the second offense and a maximum fine of \$25.00 for the third offense in Municipal Court.

This ordinance shall take effect upon its adoption.

Given unto our hands and seal this 27th day of October in the year of our Lord nineteen hundred and seventy-one.

STANLEY ALUKONIS

DISTRIBUTION OF THE SCHOOL DOLLAR

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS AND RECOMMENDATIONS**

November 11, 1971

The School Board
Hudson School District
Hudson, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Hudson School District for the fiscal year ended June 30, 1971, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board, School District Treasurer, Alvirne Trustees Special Fund, Alvirne Farm Fund, High School Student Activities Fund and School Lunch Program.

FINANCIAL STATEMENTS

Comparative Balance Sheets - June 30, 1970 and June 30, 1971: (Exhibit A-1)

Comparative balance sheets as of June 30, 1970 and June 30, 1971 are presented in Exhibit A-1. As indicated therein, the Net Debt of the District decreased by \$204,714.89, from \$1,995,990.28 to \$1,791,275.39 during the fiscal year ended June 30, 1971.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the School District during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decreases in Net Debt:

Bonds Paid During Year	\$160,000.00	
Long Term Notes Paid During Year	10,055.22	
Net Budget Surplus	65,225.95	
		\$235,281.17

Increase in Net Debt:

Surplus Used To Reduce School Tax	30,566.28
-----------------------------------	-----------

Net Decrease in Net Debt	\$204,714.89
--------------------------	--------------

Comparative Statements of Appropriations and Expenditures – Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1971 are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a net unexpended balance of appropriations of \$23,555.89 plus a revenue surplus of \$41,670.06 resulted in a net budget surplus of \$65,225.95.

TREASURER

General Fund:

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of general fund receipts and expenditures for the fiscal year ended June 30, 1971, made up in accordance with the uniform classification of accounts is included in Exhibit B-1. Proof of the Treasurer's balance as of June 30, 1971 is indicated in Exhibit B-2.

Memorial Addition Building Fund: (Exhibit B-3)

The activity in the Memorial Addition Building Fund account during the year is disclosed in Exhibit B-3.

Alvirne Special Funds: (Exhibits C-1 and C-2)

Summary statements of The Alvirne Trustees' Special Fund and Alvirne Farm Fund accounts are contained in Exhibits C-1 and C-2.

School Lunch Program: (Exhibit D)

A summary statement of the School Lunch Program account is presented in Exhibit D.

High School Activities Fund: (Exhibit E)

The High School Activities Fund account was examined. A summarized statement of these accounts is included in Exhibit E.

School Tax Account: (Exhibit F)

A statement of the School Tax account with the Town of Hudson is included in Exhibit F. As indicated therein, at June 30, 1971, the School District had received from the Town the total of the 1970-71 School Tax, the amount of which was \$1,454,139.90.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$34,659.67, from \$30,566.28 to \$65,225.95 during the fiscal year ended June 30, 1971 as shown herewith:

	June 30, 1970	June 30, 1971
Total Assets	\$158,710.10	\$136,364.74
Current Liabilities	128,143.82	71,138.79
Current Surplus	\$ 30,566.28	\$ 65,225.95

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District. Publication of the Exhibits contained in the audit report is optional, at the discretion of the School Board.

We extend our thanks to the officials of the Hudson School District for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante
Director
Division of Municipal Accounting
State Tax Commission

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

November 11, 1971

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Hudson School District for the fiscal year ended June 30, 1971.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the School District as of June 30, 1971, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

FREDERICK E. LAPLANTE, DIRECTOR
Division of Municipal Accounting
State Tax Commission

--------------------------	--------------

TOTAL APPROPRIATIONS	2,251,055.00
----------------------	--------------

STATE TAX COMMISSION

Lawton B. Chandler, Commissioner

HUDSON SCHOOL BOARD REPORT

One of the most significant changes to occur during the past year was the reorganization of Supervisory Union No. 27. With the loss of Bedford and Merrimack and the addition of Windham, our Union School population is substantially reduced and Hudson's share of the Union is increased from about thirty percent to over fifty percent. This will enable the Superintendent to give more time to overseeing the operation of the Hudson Schools.

At the time of the reorganization, Superintendent Claude Leavitt chose to go with the newly formed Union No. 26 and submitted his resignation as Superintendent of Union No. 27. The loss of such a resourceful and capable administrator presented a serious problem to the Supervisory Union No. 27 School Boards. His resignation was accepted with sincere regret and wishes for good fortune wherever the future calls him.

The Union School Boards undertook a serious search for a new Superintendent. Many applicants were screened and interviewed, and there were several fine candidates. It was finally agreed that the candidate with the best potential for Supervisory Union No. 27 was right where we suspected he might be found. He is one of last years' Superintendents, Peter G. Dolloff. We were able to reach a mutually satisfactory financial arrangement and he was unanimously elected Superintendent of Union No. 27. The School Board is pleased to welcome him to Hudson.

The search for an assistant Superintendent was begun and we were fortunate to find a person with considerable experience. We are pleased to welcome Mr. Frank Kaffel to Supervisory Union No. 27.

Last spring a committee was appointed to review the student housing needs for Hudson and make recommendations for methods to meet these needs. A copy of their report is included in this school District Report. The Board wishes to thank these committee members for their work in behalf of the Hudson School District.

Our crowded conditions are the result of lack of communication (or understanding) between your School Board and the Voters of Hudson School District. When the last Pelham tuition contract was voted, in 1968, the School Board recommended the building of an elementary school as an essential part of the proposal. This would have enabled the 9th grade to be moved from Alvirne to Memorial during these three critical years, and grades 1 through 5 to be housed at the Dr. H.O. Smith School and the new school. When the district voted "yes" on the contract and "No" on the new school, a critical housing situation became inevitable. The Study Committee recommends either an addition at Alvirne, or the Implementation of a Quarter Mester Program, at Alvirne, to alleviate the overcrowded situation. For many reasons your School Board recommends the Implementation of the Quarter Mester Program as the most feasible solution. An article for \$150,000. - is included in the warrant and we urge your support.

This Committee also recommends that a new elementary school be readied for occupancy in September of 1974, and the Board recommends that the school, with capacity for 400 pupils be erected on the Jacques property which was purchased by the District for this purpose. Because of the time needed for construction, 1972 is the year to vote for the architect and engineering fee, and such an article is included in the warrant. The School Board urges its approval.

Respectfully submitted,

Warren B. Howe
Donald Shepard
William Batchelder

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hudson:

I submit this report after having served only several months as your Superintendent of Schools, although I have been Assistant Superintendent for the past five years. As many of you may know, Supervisory Union No. 27 was reorganized effective July 1st, 1971. The Towns of Bedford and Merrimack which were formerly part of Supervisory Union No. 27 now comprise the new Supervisory Union No. 26 while the Town of Windham joined Hudson, Pelham and Litchfield to comprise the new Supervisory Union No. 27. The new organizational framework has tended to create a more efficient and manageable unit. We now serve some 5,200 children instead of the nearly 10,000 youngsters that comprised the former Union No. 27. We are also geographically more compact resulting in less travel time and increased services to all of the communities involved.

If one were to identify Hudson's paramount problem, it would have to be "space". That concern is most evident at Alvirne High School where overcrowding has reached crisis proportions. At the present time we have slightly less than 1300 pupils crowded into a facility designed to accommodate approximately 1000 students. The result has been 1.) class sizes that have grown beyond acceptable limits because of lack of space to accommodate additional teachers; 2.) classes by necessity have been placed in spaces not designed for use as classrooms; 3.) lack of flexibility due to the need to use every available space as a regular teaching station; and 4.) large study halls.

There are several possible solutions to this dilemma but one in particular that has captured the imagination of most of those who have studied is potential; namely, the "Quarterly Plan". In its simplest form this plan simply divides the school year into 55 day quarters with each student required to complete 12 quarters to graduate. Although the Quarter Plan is not new to students of school organization, that modification of the plan designed to suit Alvirne's need offers several advantages. It is so designed as to offer as much flexibility in selection as possible. Most plans of this type that have been attempted or proposed have failed because students were forced to attend during the summer months substantially altering the life plan of their families. This plan, to as great an extent as possible, allows students some options in deciding how they will ultimately select the twelve quarters. This proposal eliminates the stigma of retention and allows students to graduate when they have completed twelve quarters. It permits students to accelerate if they so choose and it is in their best interest. Students who have trouble with a given course or flunk it can make it up during the summer quarter even if they are not full-time students at that particular time. These are but some of the features of this plan which is deserving of Hudson's most serious consideration.

Although both the Dr. H. O. Smith – Webster complex and Memorial School still have available space, they are both very near capacity. It would seem that this is the logical time to look ahead toward the construction of a new elementary school that would be available by September, 1973.

The most significant item in the annual budget continues to be professional salaries. Since a school is only as good as its teaching staff, then salaries should continue to be the principle item. We are very fortunate to have what I would consider to be one of the finest professional staffs in the State of New Hampshire and it is through the efforts of these teachers that we will continue to build and improve our instructional program.

Finally, I would like to stress the importance of the home to the total educational program. It is imperative that there remain a clear line of communication between school and home at all times. Although specific days are set aside for parent-teacher conferences, parents are encouraged to contact the school at any time that they have a question or a concern relative to their child's progress. Conversely,

teachers will be encouraged to contact parents when they feel a cooperative effort is necessary to solve a specific problem.

In conclusion, I would like to thank the School Board, Mr. Giuliano, Mr. Bettencourt, Mr. Steckevicz and the entire school staff for their unfailing cooperation and finally the citizens of Hudson for their commitment to excellence in the total educational program.

Respectfully submitted,

PETER G. DOLLOFF

Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Mr. Peter G. Dolloff
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Dolloff:

Since becoming a member of Supervisory Union No. 27 in August, I have only had a brief experience with the education environment in Hudson. I have come in contact with conscientious and dedicated educators who are interested in improvement and who keep abreast of change relating to techniques, methodology and procedures. As time progresses this practice will continue and attempts will be made to find more effective ways to making the learning process more enjoyable and more meaningful to all students.

At present a Reading Committee has been formed to improve or initiate a curriculum guide and to evaluate skills that are taught. A continuous analysis of the reading program is a must if all students are to benefit to their optimum.

Other disciplines in the curriculum will also be analyzed as time permits and attention will be focused in areas which warrant the same. Progress in this direction is slow, but ultimately improvement is inevitable.

Adding teachers to the roster yearly seems to be a standardized practice. In order to accommodate an increasing student body, we found it necessary to add and replace classroom teachers. Following is a list of new personnel:

LIST OF NEW PERSONNEL HUDSON

<u>Name</u>	<u>Grade or Subject</u>	<u>College</u>	<u>Degree</u>
Aldrich, Joyce	Librarian	Plymouth College	B.S.
Anderson, Suzanne	Grade 1	University of N.H.	B.A.

In closing, I would like to express my appreciation to the School Board, principals and teachers for their cooperation during the past few months.

Respectfully submitted,
Frank A. Kaffel
Assistant Superintendent

Mr. Peter Dolloff
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Dolloff:

The following is a brief description of the Alvirne quarterly program.

The inception of a continuous school year began to formulate in the minds of the Alvirne Administration in 1966. The intent was to provide a more equitable and meaningful education for all students of Hudson. It was not the intent to save money or relieve a crowded school situation. In 1966 through 1970 our school population was handled adequately by our building facilities. Our first thoughts for a continuous school year was that of a Trimester School Year. After much discussion concerning the Trimester Program a few disadvantages arose which made us think of the Alvirne Quarterly Plan.

A student following this Quarterly Program will put in as many hours as demanded, but have more flexibility in schedules and relaxed time. The rigidity of class, such as 9, 10, 11 and 12 is eliminated. It is when the student has successfully completed twelve (12) semesters that he is eligible for graduation. No longer must youngsters who have failed a course have to wait a full year or one-half year to either make it up or select a new course. Every semester allows for registration and he may repeat or elect new courses.

One of the main attributes of a student is his incentive in the approach to learning. Most schools in this day and age contain this incentive, but with a flexibility as is offered in a Quarterly Program, this incentive can be nourished and channeled into its proper perspective. A stigma of retention no longer exists.

Not only are the academically talented students to benefit, but also the average and below average pupils with short attention spans have the opportunity to select a greater variety of courses. This in turn will capture his attention more fully and make for a more enlightened education.

Greater utilization of buildings and equipment is one of the major reasons for favoring the extension of the school year. Also, it is felt that many youths could profit from the additional time spent in school by increasing the scope of their instructional programs. The possibility exists, too, of accelerating the upper 5% academically, who thus might move on to college. Such an extension would allow greater vocational exploration during the secondary-school period.

Many courses that are not offered at the present time will be offered during certain quarters. Unit courses such as:

- Home Economics for Boys and Girls
- Woodworking for Boys and Girls
- Reupholstering for Boys and Girls
- Vegetable Gardening
- Short Order Cooking
- Tailoring

This is but a small list of innovative programs to be offered especially in the summer quarter. Once the program is on a sound basis there is no reason why adults, under a tuition basis, cannot participate in some of the unit courses.

I am sure that with the cooperation of all those concerned with the Alvirne Quarterly Plan we will fulfill our objectives in the educational process.

Respectfully submitted,
Chester J. Steckevicz
Principal

ALVIRNE HIGH SCHOOL
GUIDANCE DEPARTMENT REPORT

January 25, 1972

Mr. Peter Dolloff
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Dolloff:

During the 1970-71 school year the counselors at all grade levels have endeavored to meet the needs of the individuals in their respective schools.

The major emphasis at the Dr. H.O. Smith School is still placed on individual placement and readiness. A complete testing program has been carried out, the results analyzed, and new programs started.

Continuation has been maintained in the working relationship with the Child Guidance Mental Health Services, Nashua Community Council, the local kindergartens, the Office of Economic Opportunity, Good Cheer Nursing Service and the State Department of Welfare. These agencies have been used successfully in helping with individual problems that could not be solved in a school situation.

The program at the Memorial School still has emphasis on group guidance because of the large number of students. A testing program showing marked improvement in reading and math skills has been carried out. A great deal of time now is spent in preparing students for high school and career orientation.

At Alvirne we have become involved with a number of new concepts. Our department has taken a very active part in the development of the new English curriculum, worked on the proposed four quarter program, stressed the importance of vocational and technical education, introduced the Ohio Vocational Interest Survey, worked with cooperative education, taken part in a survey called the New Hampshire Occupational Information Improvement Project, as well as carrying on individual and group counseling sessions.

Of last years graduates sixty-one went on to four-year colleges, six to three-year schools, thirty-five to two-year programs, and fourteen to one-year programs. Many of the graduates found employment in areas they had been exposed to while attending Alvirne.

There is a very positive need for a new counselor at the middle school. More attention must be given to this critical time in a child's development. The number of students does not allow for much individual attention with all the other duties that have to be performed. At the primary level individual attention still must be given to readiness and individual problems, with much time being spent in referral work.

Future emphasis at Alvirne will be in the area of vocational and technical education as well as the four-year college programs. If the quarterly program goes into effect the proposed evaluation criteria will demand that more attention be given to the opportunities available to graduates at different times of the year.

Respectfully submitted,

James V. Regan
Director of Guidance Services

HUDSON MEMORIAL SCHOOL PRINCIPAL'S REPORT

December 21, 1971

Mr. Peter G. Dolloff
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Dolloff:

Abraham Lincoln said it best when he stated "I view education as the most important subject which we as a people are engaged in . . ."

Naturally, as educators, we at Hudson Memorial have the same feeling for the importance of our work with Hudson's youth. As a result, we feel that Memorial has continually progressed towards making education both meaningful and enjoyable for its students.

Specifically, we feel that the school within a school organizational concept, which is presently in its second year of operation, has had a very beneficial effect on the overall school. For instead of one very large impersonal elementary school – we feel we have two more personal "schools" within one building. To aid us in the development of the concept, differentiated staffing in the form of a designated Head Teacher at both the 4th and 5th grade level has been implemented. The result has been a significant improvement in the co-ordination between the respective programs of each "school".

With the "luxury" of having the same basic organizational program, we have been able to progress in other academic areas.

The three Hudson principals, working together, have encouraged our respective Department Heads to meet often in an effort to continually improve communication and thus curriculum within the district. The fruits of these meetings will I'm sure be extremely beneficial. For as you know, curriculum development is an ever present ongoing activity.

With regard to our overall curriculum, we have planned (if financing is appropriated) to work toward implementation of the recent recommendations of both the S. U. No. 27 Science and Social Studies Curriculum Committees. Both of these studies were conducted for a two year period and hopefully we will implement the bulk of their recommendations within a three year period.

In the area of reading, a Union-wide curriculum committee has been recently formulated with the hope of improving and updating our reading programs.

In the area of what could be called innovative programs, two possibilities stand out – one which has reached maturity and another which has yet to be fully developed and implemented.

The first program of which I speak is our very successful cooperative program between Memorial School and Rivier College. As a result of this program, thirty college undergraduates worked under the direct supervision of a classroom teacher with both individual and small groups of student in the areas of Math and Reading in grades 4-6. The benefits derived by all participants in this program was attested to by the enthusiasm all displayed.

Generally speaking, educational television is still a novel approach to learning in the state of New Hampshire. However, even the most critical of people will usually attest to its beneficial “possibilities”. Memorial School, through the use of building fund monies, is in the embryonic stage of implementing a one-camera mini studio.

Personally, I would like to see the educational television concept become district-wide in scope. For in this way I believe funds can be allocated for the creation of ONE well – equipped two-camera studio operated by a technician and utilized by ALL the schools in the district. This studio would have the potential to transmit “live” local origination programs back to television receivers in any of our schools.

Telecommunications Services Inc. would, if the district were to adopt this recommendation, make Channel 6 available to the school district free of charge. As a result, every home in Hudson that subscribed to cable television would have the opportunity to tune in on their home television sets to see what the schools are doing. In an age in which the emphasis is on increased educational accountability – what better way for the taxpayer to keep abreast of what is happening in his school system?

The potential uses and benefits of educational television are limited only by one’s imagination. The surprising aspect of this proposal is that the costs for this excellent educational tool would be much less than many people would imagine. Hopefully, this idea can be pursued in greater detail sometime in the future for the ultimate benefit of all of Hudson’s school population.

Looking toward the next academic year our greatest needs are:

1. an additional 5th grade teacher
2. an additional 6th grade teacher
3. a Reading Specialist
4. a Homemaking Program
5. an additional Guidance Counselor
6. Time for curriculum development

The fifth and sixth grade teachers would be needed in order to bring our student – teacher ratio down to our recommended 25 – 1 policy. Presently, our fifth grade ratio is 30-1. As a result of this 20% increase in each average size class, we feel that both the educational and behavioral standards are not up to par with the rest of the school.

A reading specialist is a priority in order that proper educational expertise can be utilized by both students and staff in this vitally important subject area. Presently, Memorial has the unenviable distinction of being one of the few elementary schools (none of which are as large) in the area without a reading specialist.

The homemaking program is the final program to be implemented to complete the town’s original comprehensive school concept. This program would be to the girls what our new, popular Industrial Arts program is to the boys. All that is necessary for this program’s implementations is the approval of an instructor, for we already have a beautiful fully equipped home economics lab available.

An additional guidance counselor is a necessity in order to meet the New Hampshire State Minimum Standards recommendation of one guidance counselor for every 500 students (1-800 students is the recommended maximum). Presently our guidance-student ratio is 1-1,083!

At Memorial, we ask a great deal of our teachers. We encourage all teachers to become totally involved with their school and its students. As a result, we see that beside the traditional role of classroom teachers, Memorial's instructors engage in extracurricular activities both during and after school.

In the fast paced environment in which we live, change seems to be the only constant. This is particularly true in education. This change can involve approach, method, objectives, philosophy, techniques, etc. As a result, it is often difficult for the instructor who is engaged in teaching 125-150 youngsters a day to keep abreast of these many changes. Even if the individual is able to keep informed about "new" educational principles, he seldom has an adequate opportunity to discuss these ideas with his colleagues due to his teaching a full schedule, proctoring study halls, covering duties and his involvement in extracurricular activities.

Due to this fact and our belief that curriculum development should be a continual ongoing process, I would like to recommend that the Hudson School District give serious consideration to providing one afternoon per week for the promotion of weekly in-service workshops devoted to the improvement of the overall school curriculum.

This concept is not new, for it is utilized by many school systems throughout the country (ex. Bedford, N.H.) to the benefit of the youngsters being served. As is the case of educational television, I would like to see the possibilities of this proposal fully explored sometime prior to the 72-73 academic year.

In conclusion, I would like to thank you and your staff along with the exceptional Memorial School faculty and staff for your efforts on behalf of the young people of Hudson.

Respectfully submitted,

ROBERT J. BETTENCOURT
Principal

DR. H.O. SMITH AND WEBSTER SCHOOLS

Principal's Report – December 29, 1971

Mr. Peter G. Dollof
Superintendent of Schools
Hudson, N.H. 03051

Dear Mr. Dolloff:

As I enter my fourth year as principal of the Dr. H.O. Smith and Webster Schools, I am pleased to say that the schools have made excellent progress towards a better educational program as well as a more suitable physical facility for the children of Hudson, at the primary level.

Educationally and organizationally the schools have broken ties with the traditional self-contained classroom and now employ a semi-nongraded program where the children regroup for the core subjects of reading and mathematics. The semi-nongraded program is one of the steps towards our goal of individualization. The next step of implementation towards a complete program of individualization must take place in the area of reading.

Several years ago, based on the premise all children are different, we agreed to disgress from the concept that one basal reader was adequate for all. A multi-basal approach is now used and has been received with a great deal of enthusiasm by the faculty and student body. In order to fully implement the multi-basal approach, we have found that a scope and sequence chart depicting the reading skills at the various levels is needed for direction and continuity. A union wide committee has been formed and charged with the task of drawing up a scope and sequence chart for the Union. Once we have the chart, we will be another step closer to our goal of individualized instruction for each child.

In the past year curriculum guides for Social Studies and Science were revised and completed for implementation for September, 1971. The guides have up-dated the existing curriculum and shed new light on methodology and techniques of presentation of subject matter so that it is more appealing to the child. The guides are in the initial stages of implementation and should be in full swing by September, 1972.

Parent conferences continue to be well accepted by the parents as indicated by the 85% turnout. Parent-teacher conferences still remain the best means of communicating to the parent on their child's progress. We are striving for a 100% turnout where each parent of a child in the school visits the child's teacher for consultation. Hopefully, this will come to be in the 1972-1973 school year.

Until a point in time is reached when it is mandatory for parents to visit the school for a progress report on their child's progress, report cards will still be in existence. Bearing this in mind the faculty and administration formed a study committee to appraise various report cards used throughout the country and to devise a card more suitable to our schools and readily understandable to the parents. The committee researched the situation for one year with the results being a new report card, which we feel is a marked improvement in our reporting system. Concise, detailed and readability are the adjectives used to refer to the new report card. Parental reaction thus far has been favorable.

Several innovative programs have been introduced into the school curriculum in the past year.

1. A new phonics program entitled Alpha I is currently being used in several of our first grade classes as a pilot program.

Creativity, imagination and fun are the key words to describe why the Alpha I Program has proven to be so successful. The program makes use of cartoon caricatures to introduce the letters of the alphabet - a device which has an everlasting effect on the children and their learning habits.

2. The Junior Woman's Club instituted and volunteered their time, money and services to both school libraries. Being without a school librarian, the Junior Woman's Club's services were well accepted. The care and maintenance of the library books is but one aspect of their duties. Story time, where the children gather around and listen to a story, is by far the most popular and rewarding part of the program as far as the children are concerned.

Last year both schools received a good refurbishing ranging from painting to tiling of classroom floors. Longevity of a school facility is extremely important to a town in terms of the number of years of service it can provide. Annual maintenance and upkeep are the key to the longevity of any building and we hope this program of annual maintenance continues in the years to come.

Even with the gains made over the past several years, neither school comes up to the level of expectations set down by the State Department of Education under its Minimum Standards for Elementary Schools, scheduled to become effective September, 1972. We still have needs. Some of the most glaring needs are in the area of personnel.

1. We do not have an art or physical education program for the children. Both areas are important subjects which should be handled at the primary level.

The following paragraphs are two excerpts taken from the state guide on minimum standards for elementary education.

ART

Art shall be taught in the elementary school and provide each child with opportunities to be creative and expressive with art media. The program shall include experiences in two and three dimensional design through drawing and painting, modeling, weaving and printing.

PHYSICAL EDUCATION

Physical Education shall be taught in the elementary school. The physical education program for each child shall include experiences for his physical growth and development. The well planned physical education program includes games, contests and activities that develop strength, vigor, vitality, skills and coordination for personal and social accomplishments. It aids the child in developing desirable attitudes for his own well-being.

A librarian and full-time assistant principal are two other areas cited in the guide on minimum standards which are necessary for a school housing over 700 children. Presently, we have neither of the above and strongly urge that both become a reality in the not too distant future.

In conclusion, I would like to express my sincere thanks to the faculty for making this year so successful. Hudson is fortunate to have such a dedicated and conscientious group of individuals who excel in their profession and desires as educators.

I would like to thank Mrs. Josephine Stout, Mrs. Roberta Standish, Mrs. Genevieve Downing, Mrs. Ann Christopher and Mr. James Cunneen for their assistance, to the school board for their support, and to you and the central office for your guidance.

Respectfully submitted,
JOSEPH R. GIULIANO
Principal

Mr. Peter Dolloff
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Dolloff:

I wish to express my deepest appreciation to Mr. Steckevicz, Mr. Morrison, the Guidance Department and the Faculty at Alvirne High School for their cooperation and support. Without this it would be difficult to function as School Nurse.

There are approximately 1182 students at Alvirne for whom I am responsible. Physical examinations were done on all athletes and Grade 9 by Dr. Brown. Routine screening which includes heights, weights and blood pressures were done on all students and visual screening done on Grades 9 and 11.

Some of my responsibilities as School Nurse include Tuberculin Skin Testing Program sponsored free by the New Hampshire Tuberculosis and Health Association - Faculty, Cafeteria Workers, Janitors and Bus Drivers were tested; showing films and lecturing in the classroom on health problems; showing films on cancer to senior girls and their mothers; advisor to the Future Nurses Club; attending athletic games to be of assitance in the event of an emergency.

My sincere thanks to the people of Hudson for their help and understanding.

Respectfully submitted,

Alma Lankhorst, R.N.
School Nurse

**DR. H.O. SMITH, WEBSTER, ST. JOHN'S
REPORT OF THE SCHOOL NURSE – TEACHER**

The following is my annual report as School Nurse for Dr. H. O. Smith, Webster, and St. John the Evangelist Schools, and to report on some of the programs and services that have been accomplished for the children.

The school nurse works closely with the school staff, parents, agencies and organizations as a resource person.

All students have a routine check-up and inspection by the nurse, which includes height, weight, teeth, tonsils, skin, head, also a visual screening. Hearing tests are done on a referral basis. These, along with other pertinent facts, are recorded in the student's confidential health record.

Total Student Inspection	771
Total First Aid Given	1986
Hearing Tests	380
Sick Children Taken Home	31
Medication Dispensed	1630

Preschool Visual Screening sponsored by the Hudson Lions Club with 89 children screened and impairments corrected before entrance to first grade.

The Junior Woman's Club again sponsored the preschool hearing screening using the VASC machines (Verbal Auditory Screening for Children). These machines are donated by various Lions Clubs throughout the state for use in any community. We screened 81 children with complete follow-up by the parents.

A series of three monthly immunization clinics were held, primarily for preschool children. Over 400 different shots and vaccines were given.

The New Hampshire Tuberculosis and Respiratory Disease Association did testing on the school staff, cafeteria workers and bus drivers. Over 50 adults were tested, some x-rayed, and only 1 adult being on prophylactic medication.

The Proctor Gamble Dental Health program was again presented to students. Free dental instructional kits were distributed to each student in grades three - other informative materials and a lecture to the other classes.

I wish to thank the many parents, volunteers and various organizations who have helped me during the various clinics and programs. It is through combined efforts of skilled volunteers that some of these free services have been accomplished.

The splendid cooperation in many other capacities are greatly appreciated.

Respectfully submitted,
ANNE K. CHRISTOPHER, R.N.
School Nurse - Teacher

Memorial School REPORT OF THE SCHOOL NURSE

Mr. Peter G. Dolloff
Superintendent of Schools
Hudson, New-Hampshire

Dear Mr. Dolloff:

The following is my annual report for the school year 1970-71, at Memorial School.

Routine screening on all students in grades four thru eight was carried out. This included height and weight measurements, dental and hygiene exams, and visual testing. Notices were sent home if any defect was noted.

With parental permission, physical examinations were given to all fourth and seventh grade students, and the basketball and baseball teams. The examining doctors were Eric Romanowsky, M.D. and Luther March, M.D.

The Hudson School nurses in cooperation with the N.H. Tuberculosis Association conducted a tuberculin screening program for all the adult staffs in all Schools.

Another of my duties was assisting with pre-school immunization clinics, and the Hudson Lion's Club vision testing program.

A program on dental health was given for all fourth and fifth grade students in cooperation with the State Dept. of Health.

The nurses' office received a total of 4,055 visits last year for first-aid or consultations on various health problems. Parents are consulted when there is a known health problem so that we can better assist these students to have a healthy, happy school life.

Nursing care in the school system is limited to emergency treatment in case of illness or injury.

My sincere appreciation goes to Mr. Bettencourt, the faculty, and the many parents who have helped make a valuable health program for the children of Hudson.

Respectfully submitted,

Pearl E. Wesson, R.N.
School Nurse

HUDSON SCHOOL DISTRICT MEETING

HUDSON MEMORIAL SCHOOL

March 3, 1971

The Moderator swore in ballot clerks and George Grondin as Assistant Moderator at 12:30 p.m. Clerks counted and put ballots in stacks of 50. The total count of ballots was 998.

A letter was received from Gerald Lawrence, Clerk, stating that he could not make the meeting.

Moderator opened the meeting at 1:00 p.m. and read articles through 4 and the return of the warrant. Mr. Batchelder made a motion that Mrs. Lucille Muller be made clerk pro tempore in the absence of Mr. Lawrence; motion was seconded by Mr. Warren Howe and approved by the majority. Mrs. Muller was sworn in as Clerk pro tempore at 1:05 p.m.

Mr. Claude Leavitt was recognized to speak and he pointed out that the ballot was in error; School Board Member should read William Batchelder Sr., not Jr. Signs were made and placed on doors leading to the polls and notices were placed in each of the voting booths. The Commissioner of Education was advised of the error; further checking was going to be made to be sure that procedure taken was the correct one.

A motion was made to delay any further action on the articles until 7:30 p.m. The motion was seconded by Mr. Warren Howe and voted in the affirmative. The meeting was delayed and the voting booths were opened for voting at 1:08 p.m.

Meeting was called to order by the Moderator at 7:30 p.m. Invocation was by Rev. Sanford of the Community Church and Dr. Norwood Keeney led the pledge of allegiance.

Calling of the roll, everyone present except George Arris and, Ralph Soney of the Budget Committee, Ray Carter and George Baker of the Budget Committee came in late.

Article 5 was read by the Moderator and a letter from the Budget Committee was read and article 5 was killed before reaching the floor. No further action was taken on No. 5.

Article 6 was read. Mr. William Batchelder made a motion to accept article 6. The motion was seconded by Mr. Paul Buxton and approved by voice vote.

Mr. Ken Clark was recognized to speak and he stated that he felt rules of the meeting should be suspended for a moment and everyone should show their appreciation to Judy and Joseph Jacquet for all the hard work done at Kimball Webster School. The audience rose and applauded.

Mr. John Bednar rose for inquiry. He stated that he would like it in the records there was an error on the ballot and a notice was in the voting booth that he used and he assumed there was a notice in each booth. He further wanted it noted that there was only 13 booths present at 7:50 p.m. Moderator counted the booths and stated that a notice was in each booth and the Assistant Moderator checked to make sure.

Article 7 - Mr. Leonard Leach made a motion to accept the budget of \$2,251,055; motion was seconded by Mr. Lake Munday. Mr. Don Shepard was recognized to speak and offered an amendment to Article 7 to change the figures to read \$2,356,023; motion was seconded by William Batchelder. Mr. Shepard spoke on the amendment and explained the reason for the additional money.

Mr. Bednar was recognized. He opposed the amendment and spoke at great length on why it should be defeated.

Mrs. Despres was recognized and asked to know the list of 11 teachers. Mr. Shepard answered and stated the list.

Mrs. Pat Breton recognized to speak and she spoke in opposition to the amendment and recommended that it be defeated.

Several other people were recognized to speak on the amendment. Several were for the amendment and several were against.

Mr. Ray Carter was recognized to speak and wanted to make an amendment to the amendment. Mr. Ken Clark suggested to decline the amendment to the amendment. Mr. Carter urged rejection to the amendment.

9:00 p.m. Mr. Moderator stated that it was time for the polls to close and would entertain a motion to keep them open. Mr. Jerry Boucher made a motion to leave the polls open until the close of the meeting. The motion was seconded by Leo Patrick. A voice vote was taken. The Moderator states that it appears that the ayes have it and the polls will remain open until the close of the meeting.

Mr. Bednar was recognized to speak against the amendment to Article 7. Mr. David Kimball requested ballots by checklist. The motion was seconded and the majority approved.

Total votes 264; yes 107 - no 157, the amendment was lost. The question is now on Article 7.

Mr. Ray Carter was recognized and wanted to make an amendment to the question amendment to increase the budget to \$2,321,055. \$70,000 higher than original budget but only \$35,000 lower than the other amendment. Amendment not accepted by the Moderator.

Mr. Harrison Smith recommended division vote on the Moderator's decision. Total vote 227. yes 113 in favor of moderator's rule, 104 nos.

Mrs. Breton moved the previous question seconded by Mr. Munday, Ayes have it.

Secret ballot on Article 7. Total vote 256: yes 165, no 91.

Article 7 has been approved for \$2,251,055.

Mr. Bednar recognized, attempted to make a motion to reconsider. Moderator refused the motion at that time but would accept a motion in approximately ½ hour.

Article 8 - Mr. Bednar moved that Article 8 be approved, seconded by Lake Munday. Bednar spoke in favor of Article 8.

Mr. Bob Jasper recognized, spoke against the article.

SCHOOL WARRANT
March 15, 1972
STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Hudson, New Hampshire qualified to vote in District affairs.

You are hereby notified to meet at the Memorial School in said District on the 15th day of March, 1972 at one o'clock in the afternoon to vote for officers and Articles 1, 2, 3, 4 and 5. Polls will be open from 1 P.M. to 9 P.M. Action on remaining articles will begin at 7:30 P.M.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Member of the School Board for the ensuing two years.

Article 5. To choose a Treasurer for the ensuing year.

Article 6. To see if the District will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for the purpose of continuing the program of renovation and improvement at the Kimball Webster School.

Article 7. To see if the District will vote to raise and appropriate the sum of \$2,688 to resurface the playground on the First Street side of the Dr. H.O. Smith School.

Article 8. To see if the District will vote to raise and appropriate the sum of \$8,800 to resurface the parking lot and the back driveway at Alvirne High School.

Article 9. To see if the District will vote to raise and appropriate the sum of \$43,000 for the purpose of employing an architect to draw plans and secure bids for an elementary school to be located on the Jacques site; and to raise the same by issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the revised Statutes Annotated of New Hampshire, as amended, and to authorize the Hudson School Board to so issue and negotiate said bonds or notes in the same of/or on the credit of the District, said board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

Article 10. To see if the District will vote to raise and appropriate the sum of \$9,000 for the purpose of employing a full time head custodian to oversee and direct the maintenance and upkeep of the Hudson school facilities.

Article 11. To see if the School District will elect to approve of the inclusion of its officers and custodial employees in the New Hampshire Retirement System of the State of New Hampshire, which system is provided for by RSA 100-A and any subsequent amendments for the custodial employees of the Hudson School District in accordance with Chapter 134 and any subsequent amendment thereto to be effective as of July 1, 1972 and to see what sum of money the district will vote to raise and appropriate for this purpose.

Article 12. To see if the District will vote to authorize the School Board, at their discretion, to implement a year-round school program for grades 9 through 12 to raise and appropriate the sum of \$75,000 for this purpose.

Article 13. To see if the District will vote to raise and appropriate the sum of \$75,000 for the purpose of putting air conditioning in Alvirne High School, and to raise the same by issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended and to authorize said bonds or notes in the name of/or on the credit of the District said Board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

Article 14. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District and agents and for the payment of statutory obligations of the District.

Article 15. By Petition of – James Heenan, John F. Lis, John F. Jasinski, and others; To see if the School District will vote to convert the Dr. H.O. Smith and Alvirne High School from incandescent lighting to rapid start fluorescent lighting and raise and appropriate an amount of \$10,000 per year until the conversion is completed, at a savings to the School District.

Article 16. By Petition of – Calvin D. Russell, Betty J. Delaney, Rosita Russell - We, the undersigned, registered voters of Hudson, N.H., do hereby petition for a Physical Education teacher for the primary grades of the Dr. H.O. Smith and the Kimball Webster Schools. We also petition for the sum of \$6,700 to be allocated to fill the above position.

Given under our hands at said Hudson, New Hampshire this 21st day of February 1972.
